

1) Which tag is used to end a paragraph in HTML?

2) Which CSS property defines the background color for an HTML element?

3) The attribute of the `<a>` element is the `href` attribute, which indicates the link's destination.

4) The `<input type="text">` defines a single-line input field for text input.

5) An `<div>` element can be displayed in many ways, depending on the `display` attribute.
