

Read and tick

I have a lot of pet in my house: 3 dogs, 2 cats and a little rabbit. I love animals because they are so cute. I would like to be a vet in the future. When I become a vet, I will look after animals when they are sick. To become a vet, I need to study hard and read more books about animals.

I love reading books. In my free time, I often read science book, sometimes geography books. I think I would like to become a librarian in the future. I can help people find the book they want, and of course I can read book everyday.

At the weekends, I often go shopping with my family. We often go shopping at the supermarket. Before going home, we give money for cashier for paying. I can see the cashier hold a lot of money in her hand, so I want to be a cashier in the future. I think I need to study Maths better to make my dream come true.
