My kitchen is a mess! 🤪

My kitchen is a mess! There aren't dirty dishes **in** / **on** the sink. There is a bottle of wine **under** / **on** the microwave, pans **behind** / **on** the cooker, fruit **under** / **between** the shelf and **in** / **on** the fridge. The knife is **behind** / **near** the chair, the spoon is **next to** / **under** the cup, and the hamburger is **between** / **behind** the bread. I should tidy up!
