Math

Type an W in the shapes showing 1 whole.
Type an H in the shapes split into 2 = halves.
Type an Q in the shapes split into 4 = quarters

What food can you split in half to eat or to share with someone?

Quarters $\frac{1}{4}$: a quarter means you split a shape in 4 parts and colored 1. Make a poster showing at least 4 shapes split in 4. Color 1 of the parts. Here are some examples:
