

- 1 A catering company wants to find a new supplier of office products. Put the sentences of the research report in the correct order.

- 1 The purpose of our research was to find a new supplier of office products.
- Finally, we asked our staff to compare the products from the three suppliers.
- We also found that Office Plus were very quick and their staff were very helpful.
- Then, we chose three companies and asked each of them to deliver the same 50 products.
- Our conclusion is that Office Plus offers the best value with good products and a reliable service.
- 85% of our employees thought the products from Office Plus were really high-quality.
- We started by comparing the catalogues of ten different companies.
- 9 We recommend using them for all our office needs.
- We wanted to find just one supplier who could deliver all the products we need in less than three days.
