

How Community Workers Travel to Work

Mark made a bar graph to show how workers in his community get to work.

Use the bar graph to answer the questions.

1. How do most workers travel to work?
2. How many workers ride a bicycle to work?
3. Do more workers ride a bicycle or get a ride in a car?
4. How many more workers take the bus to work than take the train?
5. How many workers ride in a car to get to work?
6. How many workers take the train and walk to work combined?
7. What is the total number of workers in the survey?
