Worksheet 3 / Chapter 15

Name : _____ **Marks** : _____/_____

Class : _____ **Date :** _____

1. Look at the street plans below.
In Plan 1, there are 3 ways you can move from P to Q, assuming that you always turn at right angles and get closer to Q.

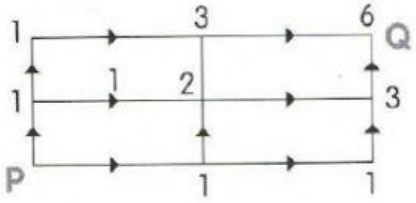

Plan 1

1 + 2 = 3 ways

In Plan 2, there are 6 ways you can move from P to Q, assuming that you always turn at right angles and get closer to Q.

Plan 2

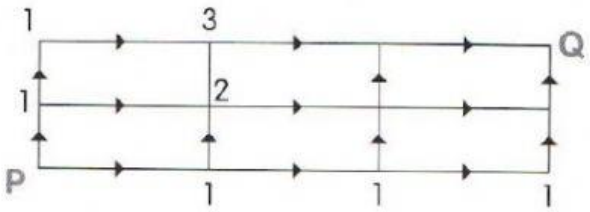

3 + 3 = 6 ways

LIVEWORKSHEETS
