Task 1: Read and answer the questions.

My name is Leonor. I was born in a beautiful summer morning ten years ago. I am an only child. My parents are French so I speak French. I am learning Spanish because we go to Spain every summer. My parents have some good friends in Barcelona. We usually go to the beach and we swim in the sea. We love Spanish food. It's very good.

I am a good student and I go to a public school. I love Geography and Maths. I also like writing and perhaps I would be a writer when I grew up.

This afternoon, I celebrate my birthday with my school friends. My mother makes a chocolate cake and we have sandwiches and drinks. We play in the garden. I love music so I think we can sing or dance.

I have a small dog. It's very cute. I take him to have long walks. He runs after me or I run after him.
