SPACE MAN – SAM RYDER

If I was an astronaut, I'd be in mid-air
And a heart would just belong to someone else down there
I would be the centre of my lonely
But I'm only human, and I'm crashing down to

If I was an astronaut, I'd have a bird's view
I'd circle 'round the and keep on to you
In my floating , I'd rub shoulders with the stars
But I'm only human, and I'm in the dark

I'm up in space, man
Up in space, man

I've around the universe
Been down some
There's nothing but space, man
And I wanna go

If I was an astronaut, I'd speak to
My navigation systems would search for other
But I'd be up here 'bout what I left behind
'Cause I'm only human with the real world on my

I'm up in space, man
Up in space, man
I've around the universe
Been down some
There's nothing but space, man
And I wanna go

keeps pulling me down

As long as you're on the , I'll stick around
Stick around
I'll stick around

I'm up in space, man
Up in space, man
I've around the universe
Been down some
There's nothing but space, man, no
Oh, I'm in the place, man
Nothing but, nothing but, nothing but space, man
Nothing but, nothing but, nothing but space, man

I've around the universe
Been down some
Nothing but space, man
And I wanna go
