

What types of energy can we find in each example?

hot soup

kinetic
potential
heat
light
electric
sound
mechanical
chemical

playing castanets

kinetic
potential
heat
light
electric
sound
mechanical
chemical

candles on a cake

kinetic
potential
heat
light
electric
sound
mechanical
chemical

toaster

kinetic
potential
heat
light
electric
sound
mechanical
chemical

fireworks

kinetic
potential
heat
light
electric
sound
mechanical
chemical

eggs frying on a pan

kinetic
potential
heat
light
electric
sound
mechanical
chemical

cat meowing

kinetic
potential
heat
light
electric
sound
mechanical
chemical

bell ringing

kinetic
potential
heat
light
electric
sound
mechanical
chemical

meat cooking on barbecue

kinetic
potential
heat
light
electric
sound
mechanical
chemical

alarm clock

kinetic
potential
heat
light
electric
sound
mechanical
chemical

sunrise

kinetic
potential
heat
light
electric
sound
mechanical
chemical

television

kinetic
potential
heat
light
electric
sound
mechanical
chemical
