# As long as you love me

***Listen to the song and fill in the gaps.***

Although loneliness has always been a friend of mine, I'm leaving my life in your hands. People say I'm crazy and that I am blind, risking it all in a glance. And _____ you got me blind is still a mystery, I can't get you out of my head. Don't care _____ is written in your history, as long as you're here with me...

I don't care _____ you are, _____ you're from _____ you did, as long as you love me _____ you are _____ you're from. Don't care _____ you did, as long as you love me...

Every little thing that you have said and done _____ like it's deep within me, _____ really matter if you're on the run, it seems like we're meant to be... I don't care _____ you are (who you are) _____ you're from (where you're from) _____ you did, as long as you love me (I don't know) _____ you are (who you are) _____ you're from (where you're from) don't care _____ you did, as long as you love me (yeah).

As long as you love me...

I've tried to _____ it so that no one _____ but I guess it _____ _____ you look into my eyes.

_____ you did and _____ you're comin' from, I don't care, as long as you love me, baby.
