Put the lines in the right order.

I started on my homework	
when I wasn't looking.	
and refused to give it back.	
My computer's on the blink	
My mother tossed my homework	
which my mum was cooking	
An airplane crashed into our house.	
but in my pen there was no ink	
I dropped my homework in the soup	
Some aliens abducted me.	
My brother flushed it down the toilet	
I had a shark attack.	
through the washer and dryer	
My homework caught on fire.	
A pirate swiped my homework	
My hamster ate my homework
