Integrity

If the lunch vendor accidentally gives you too much change and doesn't realize it, what would you do? You are the only one who knows. If you give the money back, then you have integrity. What is integrity? Integrity is being pure, honest, and sincere. It's about doing the right thing, even when no one is looking. This means that you will behave the same way when the teacher leaves the classroom as you would do when the teacher is there. There are many ways to show integrity.

A lady drops her cellphone and Jen is the only one who sees. Jen knows that she is able to pick it up without no one knowing. However, Jen decides to call the lady and give it back to her. Jen has integrity.

What if your classmates are saying mean things about another student? You have the option to joke along because that student isn't there. Would you do it? Do you have integrity?

Integrity shown in the bible

Joseph works for his master Potiphar. Joseph is a hard worker and Potiphar likes him. But here comes a problem - Potiphar's wife. She likes Joseph and wants to sleep with him. This is something that only husbands and wives should do.

Joseph knew that this is wrong and a sin against God, but Potiphar's wife keeps begging him. However, Joseph refused to be with her. But one day, Joseph was left alone in the house to do his duties.

Potiphar's wife took advantage of the situation; grabbed Joseph's cloak and said to him "Sleep with me."

Joseph ran away and left his cloak because he did not want to do what is wrong. Potiphar's wife, however, told a different story. She showed the household servants as well as his husband the cloak and told them that Joseph tried to force himself on her.

That was a complete lie, of course! But Potiphar believed his wife and threw Joseph into prison. This is not a very pleasant situation for Joseph, but he continued to trust God.

Questions: Write the letter of the correct answer on the lines provided.
