

- I. Look at the picture below and choose what force is applied to it.
Select your answer.

	push	pull
	push	pull
	push	pull
	push	pull
	push	pull
	push	pull

	push	pull
	push	pull
	push	pull
	push	pull

II. Look at the different pictures and identify what force that makes it move. Write:

A if it moves by air

W if it moves by water

M if it moves by magnet

E if it moves by electricity.
