COMPLETION/MATCHING TASKS

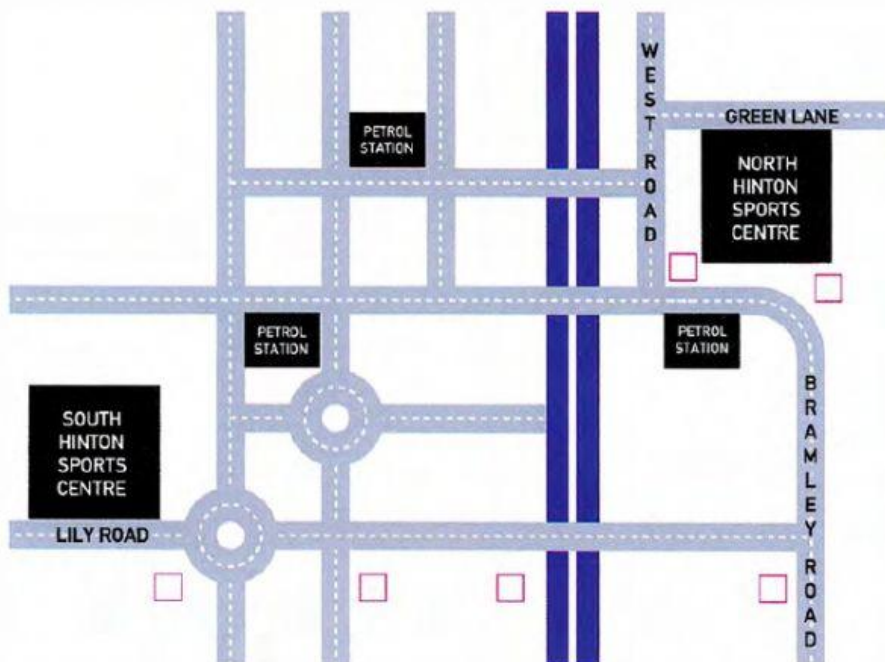

Before listening to directions to complete a map, you should look at the map carefully and think about the type of information you need to identify each place on the map. When listening, you should focus on words and phrases that will help you find the information, for example *turn left* or *go straight on*. You need to follow the directions carefully and try to predict which information will come next.

03 Listen to the Director of Sports giving directions from one sports centre to another. Write the letters in the correct position on the map.

When matching descriptions to people, places or things, you need to focus on key words and ideas which can help you decide what is being described as well as what is **not** being described. For example, if you have to choose between football and cycling, a description with key words like *goal*, *run* and *kick* is more likely to describe football, and a description with *ride*, *wheel* and *race* is more likely to describe cycling.
