Well I was
Walking down the street
one sunny day

Looking for a place to grab a
bite

And that's when I saw _____
From across the way
The most beautiful
you'll ever see

With her long dark hair
and those pretty eyes
the kind of physique
that could make any girl
an enemy

Screaming red lipstick
that could
scorch your eyes out
something from a fantasy

Oh yeah
Alright
She was something
out of a fantasy

So I went to _____ and said
What's your name
and what do you do
where have you been
my whole life

She turned to _____ and said
my name is Juliet
I'm an English Teacher
I teach classes at night
