

Important Dates

15

- **Read the following paragraph and write the date in parentheses in another way.**

I am Lucas. I am very good at remembering dates. For me, it is very important to remember dates because I can recall memories from the past and imagine how everything was. I never forget my family's birthday. My mom's birthday is on _____ (10/05). I like to give her a birthday gift and to be the first person that tells her "Happy Birthday." My father's birthday is on _____ (02/24). I also like to be the first one that sings "Happy birthday" to him. He is so happy when people remember his birthday. My older sister's birthday is on _____ (11/16). She's 22 and this year, she's going to turn 23. I even remember my dog's birthday. It was born on _____ (03/25/2018). It is 5 years old now and it's still full of energy. I also remember other dates such as my first trip to the beach, which was on _____ (12/25/2010). It was a happy and unique day, that's why I never forget it. Finally, I remember my parent's anniversary, which is on _____ (06/21). I don't know why I have that date in mind, but it's important to me to remember the day my parents got married and started this beautiful family.

- Complete the following chart with five important dates for you and the information required.
