NAME:

MY SCHOOL AND FRIENDS

Read the text.

My name is Freddy, I'm ten years old. I have already started school.

I wear glasses and my hair is red. I love going to school because it is fun. All the teachers are friendly and they always teach useful things. My favorite subject is Geography but I enjoy the PE class.

I have a sister, Susan. She is seven years old and she is really beautiful. She's got long blond hair and big green eyes. She is very sweet.

Laura is one of my best friends. She lives in the same road, near my house, so we go to school together. It isn't necessary to wait for the bus except when there is snow, that is, January and February.

Julio is also my friend. Sometimes, we play basketball in the park or ride our bikes. Julio is quite tall, but he is very funny. He tells me very hilarious stories. Julio's parents are Mexican.

I get up at 8.00 o'clock because lessons begin at 8.45. On Mondays, Wednesdays and Fridays we have Maths, Chemistry and History. We have lunch at 12.15 at the school cafeteria. I often bring my lunch box because my mom says it's better food. In the afternoon we usually have Art lessons or Technology.

I) Answer these questions about the text.

1.-What's Freddy's favorite subject?

2.-Who is Susan?

3.-What's she like?

4.-Where does Laura live?

5.-What do Julio and Freddy do together?

6.-What time do lessons begin at his school?

7.-Does Freddy always have lunch at theschool cafeteria?

8.-What nationality are Julio's parents?

II) Write about your school and your friends.

1. What time do you start lessons?

2. How many students are there in your class?

3. What's your favorite subject?

4. How many good friends have you got?
