

Name: _____

I am really enjoying being a tourist in the UAE. We have done so many great things. So far, my favorite part was a dhow tour. It was a guided tour and it lasted four hours. It went through all of Dubai Creek and the view was beautiful. I also enjoyed walking by the creek.

Yesterday, we were at the top of a very tall skyscraper. I took the best photographs while looking through the windows. We had a view of the whole city. This is the tallest building. I have ever been to and it has the best views. I wish you were all there with me.

Today, Ali and I went to Marina Mall. It was easy to find its location. We just followed his dad's directions. First, we entered the North side of the shopping mall. Next, we followed the signs for the cinema. We ate pizza at the restaurant in front of the cinema. Luckily, Ali agreed that going to the cinema before shopping was better. He knows that I don't like going shopping as much as he does.

See you next week,

Abdullah

1. Why did Abdulla enjoy the dhow tour?

- A because he likes walking
- B because the view was beautiful
- C because they did so many great things

2. Where was Abdullah yesterday?

- A on the top of the world's tallest building
- B travelling throughout the whole city
- C at the top of a tall skyscraper

3. Today, Abdulla had a meal

- A in a mall
- B by Dubai Creek
- C at the city's tallest building

4. Which sentence about the third paragraph is true?

- A Abdullah likes shopping more than Ali.
- B Ali's dad followed directions to the mall.
- C The cinema was in front of the restaurant.

5. Why did Abdullah write this email?

- A because he wanted to visit Ali
- B because he wanted to talk about his travel
- C because he wanted to travel with his family

BOOKWORMS

I recently (**reading - read - reads**) *Star Discoverers*. It's a science-fiction novel, written by the talented Isabella Smart. The story takes place in the (**past - present -future**), almost 300 years from now. The main character is Sarah, an extremely brave (**astronaut- doctor - teacher**) who discovers new information about stars and (**plants - planets - planes**).

The writing (**is - was - are**) fantastic and took you (**on - in - at**) a journey; I found some parts of the book hilarious, but at the same time there were some very emotional moments when I (**found - find - finding**) myself getting teary about what was happening to the characters. It was a really good book in my (**opinion - mind - thought**); it will change the way you think about your everyday life and it (**makes - make - made**) you appreciate all the simple things you have. It's a well written book that I definitely (**recommend - command - commend**) adding it to your bookshelf!
