

Part 1: Reading Practice

Every Friday, our father and brother Abdullah go to the Friday prayer. My mother, my sister Alia and I, clean the house and prepare lunch. My brother Ali, his wife Aisha and their son Rashid visit us after prayer for the family gathering. Rashid is a very curious five years old boy, he enjoys exploring the environment around him. He is very unusual for his age, he speaks two languages and plays football like a professional.

Every Friday evening, we go to the community park near our house. We order dinner and eat while enjoying the fresh air, it is very relaxing. Rashid makes us all laugh by pretending that he is in a jungle. He pretends to have tigers and lions chasing after him, and turns the place upside down while running and jumping around.
