## A KISS COULD BE DEADLY

By: THE EXIT

\_\_\_\_\_ as the storm descends  
And I plan on staying 'til \_\_\_\_\_ all of our friends  
And slip away  
Unnoticed out the back door  
So lets go, you know it's the exit we've been waiting for

\_\_\_\_\_  
And I think I like it (like it)  
We could take it all off  
\_\_\_\_\_ it (fight it)  
Because you know \_\_\_\_\_  
Even if we wanted (wanted)  
We could take it all off  
And finish \_\_\_\_\_, started on your balcony  
We've made excuses for the last two weeks  
But we'll leave those at the bar with our unattended drinks  
And slip away

\_\_\_\_\_  
And Get home, alone, minutes before our curtain call  
Now we can't stop  
And I think I like it (like it)

\_\_\_\_\_  
And I don't want to fight it (fight it)  
Because you know we can't stop  
\_\_\_\_\_ (wanted)  
We could take it all off  
And finish what we started, started on your balcony  
Another helpless moment  
It's all I have \_\_\_\_\_  
Now we can't stop
