Fatima's Blog Post

Hello. My name is Fatima and I'm **(study, studying, studied)** English in Ireland. I like the weather here. **(The, X)** Ireland is wet and humid. The temperatures are never very high. It is usually cool in the summer and cold in the winter. In July and August, the high temperatures are around 20°. The winter months are **cooler**, with **(temperatures, hot, weather)** around 5°. There is a **(some, lot)** of rain in Ireland all year long. It rains more in the West than in the East. The **(wetter than, wettest)** place is Valentia Island and the driest place is Dublin.

Hi Abdullah,

How are you? I'm happy you are **(coming, come, came)** to Virginia Beach next month to visit me. I can't wait! The weather here is **(rain, rainy)**, so you need to bring an **(sunscreen, raincoat, umbrella)**. It will be warm, but not hot. Sometimes it's windy so you should bring a jacket, too. Sometimes there is **(extra, extreme, excited)** weather here. Last year there was a very big storm and we had to leave the city! I **(doesn't, didn't, don't)** think that will happen again.

See you soon!

Weather Report

A terrible **(hurricane, sandstorm, flood)** is happening now in Australia. Sand is coming **(from, at, in)** the desert and covering cities like Sydney and Canberra. The weather is going to be strange **(on, in, for)** the next few days. It will be very **(windy, wind)** and temperatures will be **(cold, coldest, colder than)** usual. There is a lot of sand in the air, **(so, because, but)** airplanes are not flying over Australia. People are staying **(inside, from, under)** their homes until the storm goes away. This storm will last 3 to 4 days. After that, the weather will be normal again.
