

The Sad Black Baby Test

CHOOSE CORRECT OPTION.

1-In 1940, A professor made an experiment with **two dolls** / **three cats** one was black and the other was **Chinese** / **White**. The fact that black children said that black doll was ugly is **sad** / **exciting**. When there is too **many** / **much racism** / **liberalism**, it gets into our head and we **forget** / **accept** it. Albert Einstein said: What a sad era, when it is **easier** / **more difficult** to smash an atom than a prejudice.

ANSWER.

What is prejudice? Are there prejudices in your country?
