Read the passage and choose the best answer

The Singapore Science Centre is located on a six-hectare site in Jurong. At the center, we can discover the wonders of science and technology in a fun way. Clap your hands and colorful bulbs will light up. Start a wheel spinning and it will set off a fan churning. It is a place to answer our curiosity and capture our imagination.

The center features over four hundred exhibits covering topics like solar radiation, communication, electronics, mathematics, nuclear energy and evolution. **It** aims to attract interest in science and technology among us and the general public. The center is the first science one to be established in South East Asia. It was opened in 1977 and it now receives an average of one thousand, two hundred visitors a day. The exhibits can be found in four exhibition galleries. They are the Lobby, Physical Sciences, Life Sciences and Aviation. These exhibits are renewed **annually** so as to encourage visitors to make return visits to the center.
