LIVING ON THE MOON

LIVEWORKSHEETS

The idea of living on the moon is no longer science fiction. However there will be drawbacks to living there as well as advantages. On the positive side, people will be (21)_____ to escape from the earth's overcrowded cities and live in an environment where everything is carefully controlled by technology. (22)_____ addition to this , they will have wonderful clear views of the earth and stars, besides being able to explore the mountains and craters of the moon. On the other hand, the moon is an unfriendly place for humans. First of all, people will have to (23)_____ special suits whenever they go outside and if their equipment fails, they will probably die. Secondly, they will have to get used to being weightless or living in artificial gravity and (24)_____ recycled air and water. Finally, they will probably miss the plants and wildlife that exist on earth. To sum up, the moon might be the idea place for a holiday or for scientists to (25)_____ research. It is not for ordinary people to live there all the time.

Read the followingpassage and mark the letter A, B, C or D on your answer sheet to indicate the correct answer to each of the questions.

Cigarettes contain toxic substances like tar and nicotine. That is why we often hear people telling us that smoking is harmful to our bodies. Smoking weakens our lungs as well as other parts of our body. We will not be as active as before and will need more effort to move about.

Smoking affects our environment too. When we puff, we pollute the environment with smoke. This makes our surroundings unpleasant and unclean. Since smoking does not do any good to us, we should always say no to cigarettes. We should advise our loved ones to take a sweet instead whenever they feel like taking a toxic puff.

26. Smoking is harmful to us because it _____.

A. makes us more active
B. wastes our money
