- We will reflect on this learner profile attribute ...
- Thinkers – exercise initiative in applying thinking skills critically and creatively to recognize and approach complex issues, and make reasoned, ethical decisions; to consider how belonging relates to location and the impact on local and global communities.

## Consider these questions.

1. What is identity?

---

2. What does 'belonging' mean to you?

---

3. Where do I belong?

---

4. What is the relationship between identity and belonging?

---

5. What does it mean to belong?

---

6. How do we become who we are?

7. What makes us unique?

**BELONGING:**

Belonging projects are organized by communities, schools and individual people throughout the world to describe their culture, experiences and beliefs. These projects can take the form of a series of photographs, a video, a collage or a set of personal essays. In some projects, young people from the suburbs discuss intercultural diversity in their community and its effect on their lives. Others might show how disaffected youth in the countryside develop a sense of connection.

People migrate for many different reasons and in the past there have been large migration movements at different times. Why do people migrate? Are there any migration patterns in your community? What is the impact of migration? How does migrating change people's lives? What are the challenges that people face when moving to another country? What happens to the countries that people leave? What are the positive effects of moving to another country?
