Hearing Dogs

International Hearing Dog, Inc. (IHDI) trains dogs for people who are deaf or hard-of -hearing. **First**, they rescue dogs from animal shelters and make sure they are healthy. **Then** they train the dogs for four to eight months. The dogs learn to respond to normal sounds you would hear in a house: the doorbell, telephone, smoke alarm, or alarm clock. They learn basic commands such as "sit," "stay," and "down."

After the completes training, IHDI places the hearing dog in its new home.

The trainer works with the dog and its new master for a week. **Finally,** after 90 days, the dog becomes certified as a hearing dog!
