You will love the new Quad-Data 5000! You already knew you could use it ___ storing names and phone numbers. And you also knew you could use it ___ make phone calls. What you didn't know is that now you can also use the Quad-Data 5000 ___ do lots of other things. You can use it ___ write and send text messages, for example. And if you want to send a message in another language, you can use the Quad-Data ___ translating the text into five other languages. But if you believe a picture is worth a thousand words, you will also be happy to know that you can now use the Quad-Data 5000 ___ take and send photos to anyone anywhere in the world. But if that is too much for you, and you don't think you really need the new Quad-Data 5000, think again. You will need it ___ look cool.
