

FACTOR TREE WORKSHEET 1

Fill in the missing numbers in these prime factor trees with prime factors in the circles. Then complete the prime factorization product underneath.

1) $15 = \underline{\quad} \times \underline{\quad}$	2) $14 = \underline{\quad} \times \underline{\quad}$	3) $33 = \underline{\quad} \times \underline{\quad}$
4) $12 = \underline{\quad} \times \underline{\quad} \times \underline{\quad}$	5) $30 = \underline{\quad} \times \underline{\quad} \times \underline{\quad}$	6) $27 = \underline{\quad} \times \underline{\quad} \times \underline{\quad}$
7) $20 = \underline{\quad} \times \underline{\quad} \times \underline{\quad}$	8) $28 = \underline{\quad} \times \underline{\quad} \times \underline{\quad}$	9) $45 = \underline{\quad} \times \underline{\quad} \times \underline{\quad}$
