The Weather

1 Read the questions and talk to your friend:

a) How's the weather today?

b) Do you prefer cold weather or hot weather? Why?

c) Is it cold in the winter in your city?

2 Listen to the dialogs, choose the correct options:

1. A: Are you going out?
B: Yes. Later. What's the **weather/climate** like outside?
A: Not very nice. Cloudy and **rainy/windy**. I think it's going to rain later.
B: Oh, really? It was **sunny/hot** this morning.

2. A: Let's go out for a walk. It's so nice and **windy/sunny**.
B: Yes, it is. Not a cloud in the sky. Just let me put this on.

3. A: Are you going out in this **snow/rain**?
B: Yes, I have to go downtown.
A: Well, wear something warm. It's really **warm/cold** outside.

4. A: Is it **cold/hot** outside?
B: Not really. It's **raining/stormy** a little, but it's still nice.

5. A: It's really **hot/cold** and humid today.
B: It sure is. It must be at least 95 degrees out there!
A: I think I'll go to the pool for a swim.

6. A: Oh, look. It's **hailing/snowing**.
B: Great. Let's get our things and have a snowball fight.
A: No way! It's too **cold/warm** for me.
B: Come on. There's no **rain/wind**. It'll be nice.
