

## PINOCCHIO

**In fact, every time Pinocchio told a lie, his nose became longer and longer.**

**Every time, Geppeto's friend, the woodpecker had to peck the boy's nose to its actual size. And every time, Pinocchio used to promise to be a good boy next time.**

**But Pinocchio soon forgot his promises. He thought, "School is no fun at all. I don't want to study anymore. I want to have grand adventures!"**

**So, Pinocchio and his friends ran away from home and joined a circus.**
