

Application_Grade-3_Addition and Subtraction

Understand Properties of Addition and Subtraction

Complete the number sentences.

$\square + 27 = 27$

$90 + 0 = \square$

$13 + 28 = 28 + \square$

$52 + 3 = \square + 52$

$\square + 0 = 67$

$56 + 43 = 43 + \square$

$2 + 83 = \square + 2$

$\square + 12 = 12$

$\square + 64 = 64 + 28$

$55 + \square = 55$

$\square + 0 = 10$

$200 + 800 = 800 + \square$

$\square + 0 = 647$

$8 + 0 = \square$

$345 + 871 = \square + 345$

Look at the equations. Write the answer for each subtraction and find out if the equations are true or false. Check the correct square box for each equation.

$$13 - 3 = 18 - 9$$

☐ true☐ false

$$15 - 6 = 10 - 1$$

☐ true☐ false

$$19 - 4 = 16 - 2$$

☐ true☐ false

$$16 - 8 = 12 - 4$$

☐ true☐ false

$$12 - 7 = 10 - 5$$

☐ true☐ false

$$14 - 3 = 13 - 2$$

☐ true☐ false

$$17 - 8 = 11 - 3$$

☐ true☐ false

$$18 - 5 = 15 - 2$$

☐ true☐ false
