

WRITING TASK 1: Describing Information from a Line Graph

Study the table below and write your summary by using the guide questions below. Answer in sentences. Make use of the useful languages we have learned from the book.

The graph below shows the number of enquiries received by the Tourist Information Office in one city over a six-month period in 2011.

INTRODUCTION:

The line chart illustrates the number of inquiries sent to the Tourist Information Office in a particular city via three means of communication, between January and June in 2011.

OVERVIEW:

1. Which mean of communication increased in popularity most over the period? By how much?

BODY 1:

2. Compare all three means of communication as they start in January.
3. Compare all three means of communication as they end in June.

BODY 2:

4. Describe the trend of “in person” over the period.
5. Describe the trend of “by letter/email” over the period.
6. Describe the trend of “by telephone” over the period.
