READING

A. The Amish are a group of religious communities. They are originally from Europe, but they now live in the USA and Canada. Because of their history, they don't speak English at home - they speak an old-fashioned German. Amish families are usually large, with six or seven children. Their clothes are the same as the first Amish families 300 years ago. The men wear black hats and dark suits. The women wear long dresses and black shoes. All married men have a beard, but no moustache. Their wives have long hair, but they always cover it.

B. Life is not easy for Amish families. They get up at five o'clock in the morning and start work. The men work on the farm. The women do the housework, prepare food and make clothes. Amish homes don't use electricity or modern technology, so the housework and farm jobs take a long time. They finish work in the evening and then the family all have dinner together. After dinner, they relax. But they don't watch TV or listen to music and they don't use computers or telephones. So they read or sing songs together. They go to bed early.

C. The children go to school. The teachers are all Amish. Children leave school when they are fourteen years old and help their parents on the farm or in the home. However, when they are sixteen, Amish children are free to travel, go to parties, use cars and meet people outside their community. This is called "Rumspringa'. After Rumspringa, they decide whether to stay with the Amish community or leave it. About four out of five choose to stay and find an Amish husband or wife.
