Grammar Notes

A phrasal verb is a group of words that works like a verb. It usually consists of a verb and a preposition (or adverb). A phrasal verb is an idiomatic expression and its meaning may be quite different from the literal meaning of its individual words. Therefore, the meanings of phrasal verbs often have to be learnt.

Example: Wayne ran into a former classmate at Suntec City yesterday.

↑ ↑
verb preposition

In this sentence, *ran into* means "met".
