

Imagine you spent a day at the pool and write **a text message** to a friend telling her about your day.

You should tell your friend:

- **how** you got to the pool
- **what** you did at the pool
- **who** you saw at the pool.

Start your message with:

Hi, Ann! Guess what!

Finish your message with:

That's all my news for today. Bye! See you tomorrow!
