

## Exercise 7

Choose the correct articles to complete the story.

Choose from **a**, **an**, **the**, and **Ø** (no article).

### SNOW DAY

Last Tuesday was \_\_\_\_\_ first day of \_\_\_\_\_ school for \_\_\_\_\_ spring semester.  
However, when I woke up and looked out \_\_\_\_\_ window, I noticed that there was \_\_\_\_\_  
lot of \_\_\_\_\_ snow outside. \_\_\_\_\_ snow was so high that I couldn't see \_\_\_\_\_ my car. It  
was covered with \_\_\_\_\_ snow. I got dressed, but I couldn't find my boots. \_\_\_\_\_ boots  
were under \_\_\_\_\_ bed. I went outside and found \_\_\_\_\_ shovel next to \_\_\_\_\_ door.  
There was \_\_\_\_\_ strange sight in front of \_\_\_\_\_ house. \_\_\_\_\_ deer was standing on  
\_\_\_\_\_ lawn, looking at me. \_\_\_\_\_ deer did not move, and I did not move either. We  
looked at each other for \_\_\_\_\_ few minutes. Then \_\_\_\_\_ deer ran down \_\_\_\_\_ street.  
I was ready to shovel and I saw two squirrels next to \_\_\_\_\_ tree. There were \_\_\_\_\_  
animals everywhere. \_\_\_\_\_ squirrels love to run around, even in \_\_\_\_\_ snow.

I shoveled \_\_\_\_\_ driveway and found \_\_\_\_\_ car. In \_\_\_\_\_ winter, I usually park  
in \_\_\_\_\_ garage, but last night I forgot. It took me \_\_\_\_\_ long time to clean the snow  
off \_\_\_\_\_ car. It was \_\_\_\_\_ unusual morning. After one hour of work, I was ready  
to go to \_\_\_\_\_ school. I got into \_\_\_\_\_ car and drove 20 miles \_\_\_\_\_ hour down \_\_\_\_\_  
street. It took me \_\_\_\_\_ 50 minutes to get to \_\_\_\_\_ school building. I had \_\_\_\_\_ cup  
of coffee. They did not have \_\_\_\_\_ sugar or \_\_\_\_\_ milk because \_\_\_\_\_ delivery truck  
got stuck on \_\_\_\_\_ Kennedy Boulevard, so I drank \_\_\_\_\_ black coffee. When I came  
into \_\_\_\_\_ room, there was \_\_\_\_\_ notice on \_\_\_\_\_ board. \_\_\_\_\_ professor was not  
coming to \_\_\_\_\_ school. He had \_\_\_\_\_ accident. What \_\_\_\_\_ bad luck! Then I had  
to fight \_\_\_\_\_ snow and drive \_\_\_\_\_ home again.
