

Concept HW_Grade-6_Mensuration

An Introduction to the Volume of Cubes and Cuboids

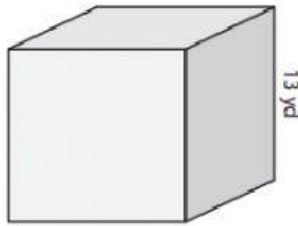

A) Find the volume of each cube.

1)

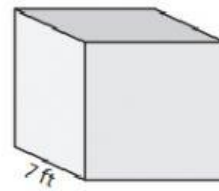

Volume = _____

2)

Volume = _____

3)

Volume = _____

B) Find the volume of each cube from the given side length.

4) side length = 8 ft

Volume = _____

5) side length = 20 in

Volume = _____

6) side length = 11 in

Volume = _____

7) side length = 3 yd

Volume = _____

8) The length of each side of a cubical wooden block is 16 inches. What is the volume of the block?
