Negative, interrogative, and short answers

1 Read about Lara's night. Rewrite the sentences with true information.

Last night, there was a movie night at my school. It started at 7 p.m. I went with Julia. There were a lot of people there, and we sat at the back. First, we watched a romcom. I thought it was funny. After that, there was a short break, and I bought some popcorn. After the break, they showed another movie—this time it was a fantasy movie. I hate fantasy movies! I didn't enjoy the second movie, but I still had a great night.

The movie night started at 6 p.m.
