Read the following text and answer the questions below

I am Virginia. I really like music. Actually, I am in a music band called "The Stars." I play the guitar and also sing. I am really good at singing and I play the guitar really well too. Being in a music band is a wonderful experience because you meet new people and you enjoy what you do, but it demands a lot of time and effort. I spend around 5 hours a day practicing for the band. Besides that, I meet with the members of my band Wednesdays, Fridays, and Sundays to practice together. After the practice, we usually go to a restaurant to eat something, in the end, we deserve it! We sometimes give concerts in restaurants, parks, and even schools. We are not too famous, but we are giving our best to improve and be more known by people. I think that music is not only a hobby, is my work. However, I would say that my favorite activity of the week is practicing with the guys. When I am not playing the guitar or singing, I am listening to music, watching tv, or playing with my pets, but my favorite activity would be music always.
