I live with my friends in a flat on the Côte d'Azur, in the south of France. From Monday to Friday I go surfing in the mornings if the weather is OK, in the afternoon I work in the city centre. On Fridays, after work, I go with my friends to have dinner at a restaurant or to a dance club or karaoke bar. I often go to bed at 10.30 pm.

1-

I live in Essex, in England with my best friend Carlos. We live in a big countryside house with a big garden. I work for a big company in London, I go to work from Monday to Friday by train. I am an engineer, I love my job. I also love Essex, but here there aren't as many shopping centres or museums as in London. I often go to bed at 9.30 pm.

2-

My husband Luke and I live in a flat in Brussels, the capital of Belgium. In my city, there are a lot of buildings and cars. There are also some big shopping centres and supermarkets. Luke usually goes to the supermarket which is near our home to do the shopping. I don't like going shopping, so we agreed that he is in charge of this chore. There are also some great cinemas and theatres nearby, we love to watch films and plays. We typically go out on Fridays and Sundays together or with our friends. There is also a big local park. When the weather is good we have a picnic with our family on Sundays. I often go to bed at 10.30 pm.

3-

My family and I live in a cottage in Australia. I live with my daughter Maria and my 3 dogs. In summer we usually get up very early and have breakfast in a park which is 2 blocks away. At the weekends we like going for a walk with our dogs, riding our bikes or rowing a boat. I often go to bed at 11.30 pm.
