

PAPER PETALS

1. Click on this link to have the instructions to make the flowers. You can do the easiest or the three of them, it depends on your inspiration.

2. These pictures are not in the correct order. After you doing your flowers remember the instructions about how to make this flower and drag the pictures and instructions to the correct place.

 Once again fold to make a triangle	 On opening look like petals of flower fold it again	 Variation Take another square paper	 open again and look one petal of flower	 Draw two curve lines and cut it
 Draw two curve lines and cut it	 fold paper to make one forth of actual paper	 Open folds and look four petals	 Draw half of petal and cut it	 fold middle cutted part towards middle
