### Simon's Instrument

Simon wanted to buy a musical instrument, so he stopped by a music store. He was excited when he went into the store. He saw drums, guitars, flutes, and many other kinds of instruments there. However, his feelings soon changed. All the instruments were too expensive. Then he had an idea. "I know," he said, "I'll make my own instrument!"

Simon found two paper plates and some glue. He also had string and some bells. First, he glued the paper plates together. Then, he made holes around the plates. He tied the bells to the holes with the string. Finally, he drew faces on the plates. He picked up his instrument and shook it. It made a wonderful sound!

### Word Practice

Choose the best word.

1. Gene felt sick, so he \_\_\_\_\_ a store and bought some medicine.  
a. put together    b. stopped by    c. drew    d. tied to
