Father's Day

Father's Day is in the 3rd Sunday of June. It is a day to celebrate fathers and all that they do for us. Today, over 50 countries celebrate Father's Day, but they have a different date for it. Father's Day in Canada, the U.K. and in the United States is celebrated on the third Sunday in June. In Australia, Father's Day is celebrated on the first Sunday in September.

Father's Day isn't just for fathers. It's also for grandfathers and great-grandfathers!

Father's Day is celebrated in a variety of ways, many of which are similar to mother's day celebrations. Cards, handmade gifts, breakfast in bed and best behavior for a whole day are all ways that children show their dads how much they care and love them.

It is important to look at what fathers bring to their families. Every father is different. Does he teach you how to play games? Does he help you with your homework? Thank him for all he does!
