

Task. 1 Match these words with the pictures:

electric power

a thunderstorm and  
lightening

heavy rain

hail(storm)

Vocabulary:

**electric power** - electrical energy which is transferred to citizens  
**temporarily** - for a limited period of time, not permanently  
**to disrupt** - to destroy  
**severe** - very great, intense  
**to delay** - to make smth late  
**to rescue** - to save smb  
**flash flood** - a sudden local flood, typically due to heavy rain  
**an investigation** - formal examination or research to find out the reasons  
**to suspect** - to have an idea about smth  
**to strike (struck-stricken)** - to hit strongly and suddenly

Task 2. Listen to the audio and match with these photos. What natural disaster is that and where did it happen? There is a list of words in the vocabulary blank. Learn them before listening.

Audio number					
Type of natural disaster					
Where did it happen?					
When did it happen?					

Task 3. Listen again and answer to some questions and say true (T) or false (F).

- How many acres of forest were completely destroyed by wildfires?
- What was badly damaged by tornado?
- Were aftershocks felt after the minor earthquake in some towns?

- Five families were rescued by emergency workers after the thunderstorms.
- Some of the fires were caused by campers.
- Some hailstones were as big as golf balls.
- A lot of serious injuries were caused by the tornado.

T	F
