

"Here Comes The Sun" The Beatles

Here comes the sun, here comes the sun
And I say it's right

darling, it's been a long cold lonely winter
Little darling, it feels like since it's been here

comes the sun, here comes the
And say it's all right

Little darling, the smiles returning to the
Little darling, it seems years since it's been here

Here the sun, here comes the sun
And I say it's all

Sun, sun, sun, here comes
Sun, sun, sun, here it comes

Little darling, I that ice is slowly melting
Little darling, it seems like years since been clear

Here comes the sun, here comes the sun
And I it's all right

Here comes sun, here comes the sun
It's all right
It's all right
