Read the text very carefully! Put the plural nouns, in the order they appear in the text, in the correct column.

This is Farmer Jones and these are his two children, Tom and Pam. On their farm they've got nine sheep, two fat cows and six white geese. Look at their cats! They've got three big fish in their dishes! Tom and Pam have also got four pet mice. They keep them in big boxes with their babies. They are so cute, just like in the stories!

But who's there? Oh, their neighbours, two funny men! They've got big teeth and long thin feet! They are farmers, too. They don't like living in big cities. They've got a lot of animals on their farm, too! I'd like to live in the countryside! :)
