My school is Vo Thi Sau Secondary School. It's on Ba Thang Hai Street, Ward 6, Ca Mau City. It has 60 classes. In the morning, we always have lessons. In the afternoon, we usually play sports or folk games like Mandarin Square Capturing and Marbles. Some students join many interesting clubs such as the music club. The great thing I like about my school is the playground. It is very large. We can do lots of outdoor activities there.
