

# It's an Emergency!

What number should you call in an emergency?

---

Which services do you reach if you call 10111?

---

If you see a car accident what should you do?

---

If someone is very sick at home what should you do?

---

What would you do if your friend dared you to make an emergency call? This is known as a hoax call.

---

---

---

Match the situation to the action.

## Incidents

You spot a fire in a bin outside some flats.

Ask your mom and dad to take you  
To the hospital.

You fall off your scooter in the park; you  
can walk, but have grazed your knee badly.

Ask the shop worker for help

You have a high temperature and have  
been vomiting through the night.

Ask a grown up for first aid.

You have lost your mom and dad at the  
shopping center.

Phone 10111 for the firefighters

There's a man hanging around the park;  
he looks suspicious and begins shouting at  
a crowd of young people.

Phone 112 and ask for the police.
