Eve is my partner from work. She is an actress, just like me. We perform at the Criterion Theatre, which is in London and we've been working there for almost 5 years now. Everyday we meet at Central cafe before work to practise our dialogues, but only during the week, because she studies a lot at weekends. Currently, Eve is attending to Warwick Medical School, because she wants to be a nurse. Every time we meet at the cafe, she tells me about her. I know that she doesn't like shopping, that's why she buys everything online. She doesn't play computer games but she loves Playstation games and watching television. She hates cooking every night, so she goes out a lot in the evenings with friends. Then she tries to come back home early to do her homework, she says that she prefers to do it at night and go to bed late.
